About the programme

The Virtual Malay Language and Cultural Programme (VMLCP) is an i-PUTRA first-ever virtual mobility programme organized in collaboration with the Centre for The Advancement of Language Competence (CALC) to promote and introduce the language and culture practised in Malaysia to the international students.

The programme consists of a basic introduction to Malaysia's National Language, the Malay Language and Malaysian cultural dances and games. This programme is offered for a maximum of 100 students and each participant will receive an e-certificate upon completing the programme.

The global pandemic has undeniably affected a lot of aspects in our daily life, especially in teaching, learning and physical mobility programs. However, the pandemic has also enabled us to explore a different approach and to redefine mobility programs.

Eligibility

- Students from UPM Partner Universities.
- Undergraduate / Postgraduate Students
- Have sufficient English capability to follow the lessons

Application Deadline

15 December 2020, 10:00 (GMT+8)

Registration
