You can print out your career portfolio!

We provide a portfolio called "Integrated Career Activity Transcript," which compiles all academic and extracurricular activities throughout your university life, based on the KEUNSARAM Project system.

You can print out your portfolio at any time and utilize it freely.

Types of transcripts provided

Individual transcript: Scholarship, foreign language grade, awards, volunteer experience, corporate internships, overseas experiences, club activities, etc.

* The Integrated Career Activity Transcript is associated with KEUNSARAM Project points. If you wish to add additional activities, please obtain approval for KEUNSARAM Project points for those activities.

You can get a job!

The KEUNSARAM Project supports students in self-directed career development and enhancement of employability from admission to graduation. Analyzing the employment rate of KEUNSARAM Project belt holders from 2020 to 2022 revealed that **the employment rate of BLACK/RED BELT holders was higher than the overall employment rate at our university.**

I Foreign Language Point Acquisition Guide

※ For the same foreign language score, only additional points corresponding to the improved score are awarded if the score improves after one acquisition. (However, separate points are awarded for different languages or test subjects.)

(Ex. 1) If you score 700 on the TOEIC, you will receive 80 points, and if you later score 900 on the TOEIC, only an additional 20 points will be awarded.

(Ex. 2) If you score 700 on the TOEIC and receive 80 points, and then obtain another score on the TEPS, points will be awarded separately for each.

FAQ

Q1. How can I acquire a KEUNSARAM belt?

When all the required and elective courses for each belt level, including the specified points, are completed, the belt will be automatically certified in the Oasis system. Grade belts are available gradually starting from the white belt, so the previous belt must be completed for the next level belt to be processed. Therefore, if activities for the belt are completed, lower grade students can acquire higher belts early or higher grade students can acquire lower grade belts.

Q2. How can I earn points?

For on-campus activities, please inquire with the department in charge of the activity to confirm the status of point entry. For off-campus activities or on-campus activities that are not uniformly entered by the department, please prepare activity evidence first. Then, go to the Oasis KEUNSARAM Project Management ▶ Point Application/Approval, enter the point history, details, activity area, etc. (please attach the prepared evidence), and apply for points.

Q3. When will the approval for Oasis point application be granted?

The requested points are processed individually by the department in charge of each activity, and approval is typically granted within 2 weeks after the application. If you require approval within a specific time such as a scholarship selection period, it is recommended to apply at least 1 week in advance.

Q4. Are activities before admission recognized for incoming freshmen?

The KEUNSARAM Project is a program that manages experiences during university life, and only activities after admission to the university are recognized. However, starting from freshmen who entered in 2020, Korean history, Chinese characters, and foreign language scores (limited to regular tests) obtained from September of the year before admission to February of the admission year are eligible for double points.

Q5. How can transfer students participate?

Transfer students are subject to the same rules for obtaining belts and points as regular students. Evidence of activities from previous universities is accepted when submitted, but documents (such as academic transcripts or enrollment certificates) proving the activities during the entire enrollment period at the previous university must be submitted for point approval.

Q6. How can I inquire about the Reading Certification Program?

The Education Innovation Department is responsible for approving points for the Reading Certification Program and reading reflection essays. For any inquiries regarding the Reading Certification Program and point approval, please contact the Education Innovation Department.
