Credit Transfer

All SNU International Summer Program courses are regular, curricular subjects that award academic credits upon completion of the course. All International Summer Program courses carry 2 or 3 Korean credits, where 1 credit is given for every 15 hours (or more) of lectures per semester.

Most universities allow credit transfer of courses taken at overseas universities, but prospective students must check with their department or academic adviser before registering at SNU International Summer Program to see if the credits of the course you wish to take can be acknowledged by your home university.

Scholarship

• Early Registration Scholarship

Students who complete online application and course registration by the deadline (April 4, Korean Standard Time) below will be given 20% discount of the tuition, without filing an individual request. Please note that for additional course registration afterwards, early bird benefits will not apply.

> Applicants who have finished submission of a complete online application, application fee payment, and course registration will be given a tuition invoice with discounted price.

* As international wire-transfer may take a few days, applicants may submit a proof of wire-transfer and upon the date that the wire transfer is made, early bird benefits will apply.

• Korean/East Asian Study Scholarship

Students who are currently majoring in Korean or East Asian Study at overseas universities will be rewarded with scholarship (20% reduced tuition), without filing an individual request. The eligible applicants must fill in their major correctly in the online application, which must be supported by the academic transcript.

• Partner University Scholarship

Students who are currently attending SNU's student exchange partner universities will be rewarded with scholarship (10% reduced tuition), without filing an individual request. The eligible applicants must fill in their home university correctly in the online application, which must be supported by the academic transcript.

• Other Scholarships

Students who are eligible for either of the criteria below must submit a proof document when they fill in the online application.

Type	Returnees	Siblings	SNU Alumni

*Students can benefit from ONLY one scholarship.

**All required documents must be submitted in the online application.

| Visa

Many countries have a visa exemption agreement with Korea, that allows up to a 90-day visa-free stay in Korea.

To check your country's visa exemption status, visit the Korea's Ministry of Foreign Affairs website: <https://www.mofa.go.kr/>. Students from countries with a visa exemption agreement that is shorter than our program period, you need a D-2 visa (a short-term student visa) to attend our program. Since additional or different documents might be required and the application submission method might differ depending upon which Korean Embassy you will go to, please check with the Korean Embassy where you are planning to apply for your visa. The SNU International Summer Program will assist in providing additional documentation needed. Please email us at summer@snu.ac.kr.

Visa issuance can take up to a month, so it is highly recommended that students who need a visa complete their registration at SNU as early as possible.

| Housing

The SNU Dormitory is located in SNU's Gwanak campus and is within walking distance from classrooms, the library, and cafeterias. All dormitory rooms are double-occupancy, and each room is shared with other SNU International Summer Program students.

The rooms are fully equipped with a private washroom and shower, air-conditioner, beds, closets, and desks/chairs as well as a shared mini-refrigerator. The SNU International Summer Program provides bedding and pillows free of charge.

In the dormitory building, there are laundry rooms where students can do their laundry free of charge (detergent not provided), and on each floor, there is a shared community room with a microwave and a singleburner portable induction stove.

* Dormitory housing is not guaranteed for all students due to limited availability. Rooms are allotted on a firstcome, first-served basis to students who register during the course/housing registration period in May. Roommates are allotted randomly, but students who wish to occupy a room together can have this arranged by arriving together at the dormitory.
