

CHINA DISCOVERY

HARBIN INSTITUTE OF TECHNOLOGY
INTERNATIONAL SUMMER SCHOOL 2018

About HIT

Founded in 1920, Harbin Institute of Technology has developed into an open, multidisciplinary, research-oriented, leading national university with science and engineering as its core, encompassing management, liberal arts, economy and law as a whole. In 2009, HIT became a member of Top 9 (C9) in China. HIT is now well on its way towards achieving the goal of being a world—class university, which is a leading engineering university ranked in the world's Top 6 in US News 2018.

About Program

The Summer School International program will run from July 2 to 27 in 2018. This program offers a wide variety of English-taught courses in cultural studies, literature, economics, international relations, as well as Chinese traditional physical exercises and sports. It also provides Chinese language courses for beginners. All courses will be held at HIT campus. Students will receive an official transcript and earn academic credits from us and many students can transfer these credits back to their home universities upon completion of the program.
