The Course

The Study Semester Abroad Scholarship (UK) programme enables students from overseas universities the opportunity to study a semester of English at the University of Wolverhampton's International Academy.

- Study modules on a British university undergraduate degree course.
- Gain credits from your home university or study with us postgraduation.
- Develop your English language skills.
- Experience living in another culture, develop confidence and independence.

Overview

Students on the Study Semester Abroad Scholarship (UK) programme will be taught on a degree course by highly qualified staff in classes where they will interact with British and international students. They will then be able to take advantage of the facilities of a modern British university while experiencing life in the UK.

Outline

There are two ways you can study, depending on your academic and English levels.

Undergraduate programmes

The University has a number of specialist Schools and Institutes split across three campuses and faculties that teach courses covering a wide range of academic interests designed to meet the needs of today's students.

On the Study Semester Abroad Scholarship (UK) programme, you can choose and gain credits from any first or second year module related to your area of interest (subject to availability and academic level). Your chosen modules do not have to relate to your major in your home university, but home universities may stipulate that modules must correspond with your degree subject for credit purposes. Students will be guided on arrival as to appropriate modules based on their academic and language levels.

Our University prospectus shows the complete range of our courses with details and descriptions to help you make your choice. You must choose to study two academic modules, plus one English language or academic skills module. In some cases 3 academic modules may be possible. Please check with your home university.

You will be tested on arrival, placed on an English module that corresponds to your language ability and given help to find the appropriate academic modules.

*Please check our course guides.
(For example some courses run by the Faculty of Engineering have one year modules so single semester study would not be available).

English language requirements

Applicants must provide a test score or letter from your home university confirming what your levels are compared to the Common European Framework of Reference for Languages (CEFR) equivalencies.

AT THIS LEVEL	CEFR	IELTS	TOEFL PAPER BASED TEST	TOEFL CBT	TOEFL EBT	TOEIC
You can join academic modules from the undergraduate programme	C1	*7	600	250	100	605-780

“

I found the accommodation standard good and this was the first time I live away from home. I have made new friends and enjoy the interaction. I enjoy the module ‘Tourism Place Marketing’ and found ‘Thinking Through Democracy’ more difficult but interesting and challenging

Wongyu Oh from South Korea

”

Accommodation

Students typically stay on campus a short walk from classes and enjoy a good standard of accommodation that includes:

- Private room with en-suite bathroom and Wi-Fi access
- Shared, fully-furnished kitchen and living areas – 5 students per kitchen
- Use of self-service laundry facilities

Students can choose to buy breakfast and lunch on campus, or prepare food themselves in their kitchens. Full and partial catering packages are available for groups of 12 or more.

Facilities

- On-campus security
- Train station 10 minute walk away, and shopping centre 15 minutes

“

I gained confidence in speaking and listening and learnt about Marketing and Business English.

I made friends with many international students and have travelled to Liverpool, Edinburgh, Bath and London. I would recommend the University of Wolverhampton to other students

Jang Eun Kyoung, South Korea

”
