

LIST OF SELECTED PUBLICATIONS
OF PROFESSOR
OLGA KOSTYUKOVA

1. Kostina E. A., Kostyukova O.I. Linear Parametric Semi-Infinite Programming Problems and Properties of Their Solutions on a Neighborhood of Irregular Points. Computational Mathematics and Mathematical Physics, Vol. 45, N 5, 746-762 (2005).
2. Kostina E. A., Kostyukova O.I. Linear Parametric Problems of Semi-Infinite Programming: A Continuation Method. Computational Mathematics and Mathematical Physics, Vol. 45, N 6, 961-977 (2005).
3. Kostina E.A., Kostyukova O.I. Generalized implicit function theorem and its application to parametric optimal control problems. Preprint Ruprecht-Karls-Iniversitat Heidelberg, 2005. P. 29.
4. Kostyukova O.I. Behavior of Solutions to Optimal Control Problems in a Neighborhood of weakly de generate point. Dokl. Akad. Nauk Belarusi, vol. 48, No.4, 5-9 (2004).
5. Kostyukova O.I. An Investigation of a Linear Hamiltonian Singular Perturbed Boundary Value problem. Differential Equations, Vol. 40, N 5, 2004, pp. 652-661.
6. Kostyukova, Olga; Kostina, Ekaterina. Analysis of properties of the solutions to parametric time-optimal problems. Comput. Optim. Appl. 26, No.3, 285-326 (2003).
7. Kostyukova O.I., Scshmidt W.H. Existence of Classical Solutions or Chattering Controls for an Optimal Aeroassisted Orbital Transfer Optimal Control. Proceedings of Workshop. Universitat Greiswald, Oktober 2002-2003 by Sonderforschungsbereich 255 ander Technischen Universitat Munchen. P. 83-97
8. Kostyukova, Olga; Kostina, Ekaterina. A primal-dual active-set method for convex quadratic programming. Preprint 2003-05 (SFB 359), 2003. Universitat Heidelberg.

9. Kostyukova O.I. Properties of solutions to a parametric linear-quadratic optimal control problem in neighborhood of an irregular point. *Comp. Math. And Math. Physics*, Vol. 43, No 9, 1310-1319 (2003).
10. Kostyukova O.I. Investigation of Properties of Solutions of a Parametric Optimal Control Problem in a Singular Point. *Journal of Computer and Systems Sciences International*, Vol.42, No.3, 379-390 (2003).
11. Kostyukova O.I. Parametric optimal control problems with a variable index. *Comp. Math. And Math. Physics*, Vol. 43, No 1, 24-39 (2003).
12. Kostyukova, O.I. A parametric optimal control problem for a descriptor system with an algebraic inequality constraint. *Differ. Equations*. 38, No.1, 19-28 (2002).
13. Kostyukova, O.I. A parametric convex optimal control problem for a linear system. *J. Appl. Math. Mech.* 66, No.2, 187-199 (2002).
14. Kostyukova, O.I. Sensitivity Analysis for Solutions of a Parametric Optimal Control Problem of a Descriptor System. *Journal of Computer and Systems Sciences International*, Vol.41, No.1, 45-56 (2002).
15. Kostyukova, O.I. An algorithm constructing solutions for a family of linear semi-infinite problems. *J. Optimization Theory Appl.* 110, No.3, 585-609 (2001).
16. Kostina, E.A.; Kostyukova, O.I. An algorithm for solving quadratic programming problems with linear equality and inequality constraints. *Comput. Math. Math. Phys.* 41, No.7, 960-973 (2001).
17. Kostyukova, O.I. An optimality criterion in a linear-quadratic optimal control problem for a descriptor system. *Differ. Equations*. 36, No.11, 1621-1627 (2000).
18. Kostyukova, O.I.; Sokol, V.L. Investigation of solutions of a family of linear time-optimality problems in a neighborhood of an irregular point. *Vestn. Beloruss. Gos. Univ., Ser. 1, Fiz. Mat. Inform.* 1999, No.1, 59-62 (1999).

19. Kostyukova, O.I. An algorithm for solving optimal control problems. Comput. Math. Math. Phys. 39, No.4, 545-559 (1999).
20. Gabasov, R.; Kirillova, F.M.; Kostyukova, O.I.; Pokataev A.V. Constructive optimization methods. Part 5. Nonlinear problems. (Konstruktivnye metody optimizatsii. Chast' 5. Nelineinye zadachi). Minsk: Izdatel'stvo "Universitetskoe". 390 p. (1998).
21. Kostyukova, O.I. Investigation of solutions of a family of linear optimal control problems depending on a parameter. Differ. Equations 34, No.2, 200-207 (1998).
22. Gabasov, R.; Kirillova, F.M.; Kostyukova, O.I. Synthesis of optimal feedback positional controls in the linear guidance problem. Differ. Equations 34, No.1, 5-15 (1998).
23. Kostyukova, O.I.; Prishchepova, S.V. A finite algorithm for solving a problem of optimal control with discrete-time phase constraints. Comput. Math. Math. Phys. 38, No.2, 181-198 (1998).
24. Kostyukova, Olga Ivanova. Algorithm of real-time minimization of control norm for incompletely determined linear control systems. Schmidt, W. H. (ed.) et al., Variational calculus, optimal control and applications. Proceedings of the 12th international conference in honour of L. Bittner and R. Kltzler, Trassenheide, Germany, September 23-27, 1996. Basel: Birkhuser. ISNM, Int. Ser. Numer. Math. 124, 153-162 (1998).
